

SERVICE OF RE-DEDICATION

LEADER: For the development of healthy minds and bodies and the directing of youthful energy toward expression in clean and wholesome amusements.

PEOPLE: We dedicate this school.

LEADER: To the moral and spiritual training of our children in those fundamental subjects from which radiate all of the broader horizons of a fully rounded life.

PEOPLE: We dedicate this school.

LEADER: To an understanding of the basic importance of the home, neighbors, communities, nations, and races; and the tolerance needed to understand and live in peace with one another.

PEOPLE: We dedicate this school.

LEADER: To the training of citizenship that will lead to safe, clean, and wholesome community life; enriched by service to, and acquaintance with, one's fellow man.

PEOPLE: To this we dedicate this building and pledge ourselves to cooperate with school officials in the realization of this goal.

LEADER: To the development in youth of an appreciation and understanding of the many vocations in life and the ones in which their interests and aptitudes may be best adapted.

PEOPLE: We dedicate this building and offer our personal assistance and guidance. To realize that each child is an individual having varied degrees of ability and physical skills and possessed of certain moral and ethical beliefs; to present to the child complete truths but to grant him the right of acceptance or rejection; to stress idealism, devotion, and similar traits by introducing him to heroes and heroines from the past and present day, thus permitting the child to develop character by selection rather than through compulsion. To this end we dedicate this building.
