Last Name	First Name	Email
-----------	------------	-------

The device owned by the Raymond School District is being provided for the use by the student under the following conditions:

- A district owned device remains at all times the property of the district and the student's possession of the device does not in any way change ownership of the device
- The device is provided solely for the use of the student and solely for school purposes. **The devices may not be loaned to anyone else. The student's passwords and usernames are not to be shared with anyone.**
- Should the device be returned to the district inoperable and/or damaged beyond normal use, the family is responsible for the cost of repair or its fair market replacement value. If the device is lost or stolen, replacement expenses at the fair market value on the date of loss will be the responsibility of the family. Replacement cost will not exceed \$250.
- It is understood that the device will be returned to the district no later than the last day of school unless this agreement is terminated earlier by the district, upon student's withdrawal from the district, or with written consent from the district.
- The student's signed Acceptable Use Policy (AUP) governs the student's use of the device. The policy is included in the Student-Parent Handbook, which can be found on our district website. The signature page of that document needs to be printed, signed, and turned into the office. Failure to comply with district policies may result in immediate repossession of the device by the district and other consequences.
- The student's use is also subject to copyright laws. **No software may be loaded on the device without express prior approval of the district.**
- Failure to return the device to the district at the end of this agreement or when requested to do so by the district may result in the district taking legal action for the return of its property.
- Furthermore, failure to comply with any of the terms set forth above may result in the termination of the agreement by the district and immediate repossession of the device by the district.

Students in 7th and 8th Grade will carry and be responsible for their district-owned chromebook device on and off school premises.

Students in grades 3-6 will have limited use in that the device will be available and assigned to them during school hours. It is crucial that the student demonstrate responsibility of the district-owned device during the school day.

**Accidental Drop/Damage Insurance Services:** \$60 per year to enroll in the insurance program. In the event of damage occurring, like other insurance programs, there will be a deductible to be paid for repairs needed. This is in addition to the \$60 one-time enrollment fee. The deductible is \$60 for the first occurrence, \$80 for the second occurrence, and \$100 for the third occurrence. Enrollment in Drop/Damage Protection Plan will have a deadline of September 30<sup>th</sup>, 2017. Refer to the 1:1 Technology Program form for more information. Note: label/sticker removal charge of \$5

**Yes**, I would like the optional insurance                       **No**, I decline the optional insurance

**By signing below, I acknowledge that I have read, understand and agree to abide by the terms set forth above.**
